

Sonata SAP Upgrade Offering

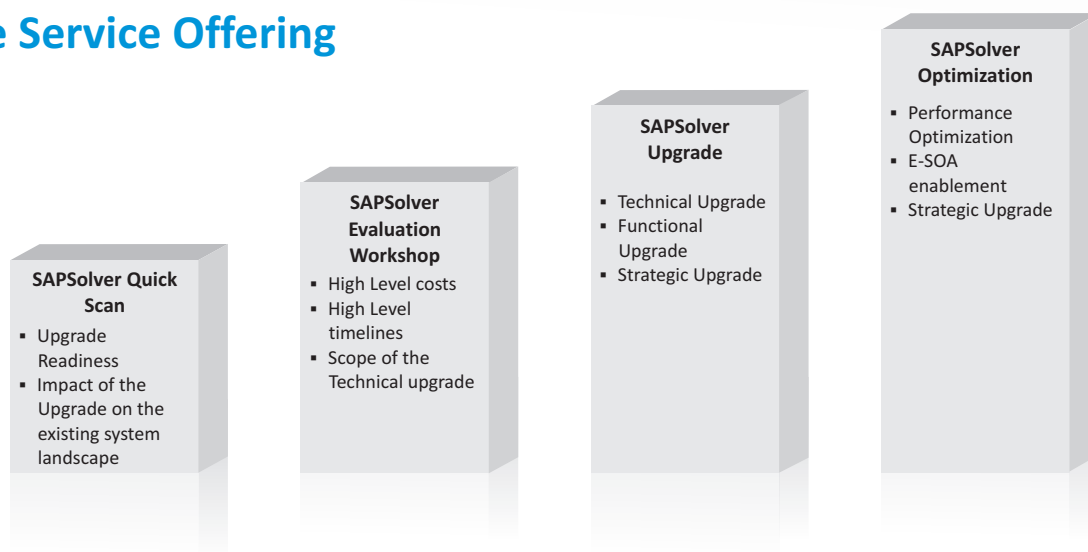

Different organizations have different stand points to look at SAP Upgrades; some see it as a pain that needs to be taken care of, some as a small stepping stone to realize greater value from their SAP investments and some as a whole new opportunity towards state of art enterprise business applications. No matter what your SAP upgrade intentions are, if you are one of those organizations who have been contemplating to upgrade your SAP infrastructure, but have not been too sure where to start from, your search ends here.

Sonata with its wide array of ERP implementation and upgrade experience brings to you smart SAP upgrade solutions that shows you the right directions for your SAP upgrade and pacifies your SAP upgrade anxieties.

Why Upgrade

- ❖ Business users asking for additional functionality- Take advantage of new technical features of ECC 6.0
- ❖ Higher maintenance costs on the older versions by upgrading to the latest ECC 6.0
- ❖ Reduce total cost of Optimization
- ❖ Seamlessly integrate with 3rd party hardware/applications who no longer support the older R/3 version
- ❖ Move a step ahead towards e-SOA architecture

Upgrade Service Offering

Sonnet Accelerators

SonnetSAPSolver Methodology Pacifying your Upgrade anxieties

Our proprietary SonnetSAPSolver methodology is based on SAP's Solution Manager and our reusable assets library built based on our past ERP Upgrade experiences. Our proven Project Management tools ensure accelerated project execution and minimize down-time.

SonnetLODESTAR

Showing you the right directions for your SAP Upgrade

Our Upgrade assessment tool SonnetLODESTAR leads your way through the Upgrade process by

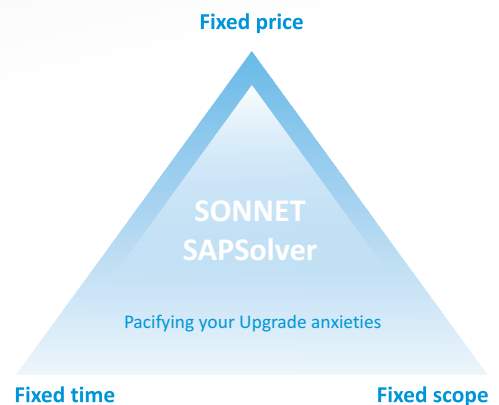

- ❖ Identifying technical problems and project risks during the assessment phase itself
- ❖ Giving usage-insights about the existing SAP system
- ❖ Classifying all the custom codes and recommending the best Upgrade Method.

Value Proposition

- ❖ **Clear view of Scope:** We give you a clear understanding of what you are buying and what it will actually deliver to your business
- ❖ **Guaranteed Time and Costs Benefits:** Our reusable assets based on our past ERP experience helps us to deliver quicker and cost effective upgrade solutions
- ❖ **Quicker ROI realization:** We guarantee quicker ROI on your upgrade investments leveraging our global delivery capabilities
- ❖ **Minimizing project duration and down time is our top priority:** We ensure accelerated upgrade solution and minimized downtime through our strong project management tools and accelerators.
